Experience

Cyber Operations Student Researcher & Intern Jul. 2026 – Aug. 2026
Massachusetts Institute of Technology (MIT) Beaver Works Summer Institute (BWSI) *Cambridge, Massachusetts*

- 1 of 29 students selected nationally for the highly competitive and prestgious MIT BWSI Cyber Ops program.
- Engaged in rigorous, hands-on coursework and labs, with topics including cryptography, network traffic analysis, reverse engineering, AI/ML, digital forensics, and side-channel analysis.
- Developed skills in digital forensics, networking, cryptography, systems architecture, vulnerability analysis, and defensive security through project-based learning and a capstone cybersecurity hackathon and CTF event.

Cybersecurity Capture-The-Flag (CTF) Competitor Jun. 2026 – Present
BoroCTF 2026, V1t CTF 2026, MIT BWSI Cyber Operations, National Cyber League (NCL) *Dallas, Texas*

- Competed in various national and international cybersecurity CTF competitions.
- Specialized in Open Source Intelligence (OSINT), Geospatial Open Source Intelligence (GEOSINT), Digital Forensics and Steganography, Cryptography, Network Traffic Analysis, and Unix CLI based challenges.
- Leveraged Kali Linux tools, open-source security frameworks, and AI-assisted analysis for research and debugging.

Director of Volunteers & Community Volunteer Sep. 2024 – Present
Friends of the Carrollton Public Library, Huong Dao Vipassana Bhavana Center Inc. *Dallas, Texas*

- Assisted for 70+ hours total in community service & volunteering activities.
- Supported weekly library operations at local Carrollton Libraries by sorting books into boxes, maintaining storage, delegating tasks, and collaborating with volunteers to ensure an efficient workflow.
- Collaborated with temple staff and community volunteers to prepare for major Vietnamese cultural events at the Huong Dao Temple, maintaining a clean, orderly, and welcoming environment for hundreds of attendees.

Education

Hebron High School Carrollton, Texas
Senior (Grade 12) – GPA: 3.95/4.0 – Ranked 48 of 865 (Top 5.5%) *Aug. 2023 – Present*

Projects

Operation Black Vault (1st Place Winning Project) | *CSS, HTML, JavaScript, React, Git, Vercel* Jul. 2026

- Co-developed a web browser-based CTF platform with 20 interconnected challenges covering OSINT, digital forensics, cryptography, steganography, reverse engineering, binary exploitation, web security, and Linux.
- Collaborated in a 4-person team to architect, implement, test, and deploy the platform using Git and Vercel.
- Project awarded 1st Place at the MIT BWSI Cyber Operations Hackathon 2026.

Personal Portfolio Website | *HTML, CSS, JavaScript, Google Fonts, Git, Vercel* Aug. 2026

- Developed a personal portfolio site to showcase projects, experience, resources/write-ups, and achievements.
- Architected, implemented, tested, and deployed the platform using Git and Vercel.

Honors & Awards

MIT BWSI Cyber Operations Hackathon 2026 – 1st Place Jul. 2026
Massachusetts Institute of Technology (MIT) Beaver Works Summer Institute (BWSI)

MIT BWSI Cyber Operations CTF 2026 – 3rd Place Jul. 2026
Massachusetts Institute of Technology (MIT) Beaver Works Summer Institute (BWSI)

V1t CTF 2026 – 9th of 953 Teams (Team US!??) Jun. 2026
V1t CTF 2026

BoroCTF 2026 – 40th of 833 Teams Globally, 20th of 174 Teams (HS Divison) Jun. 2026
BoroCTF 2026

AP Scholar with Distinction Award Jun. 2026
The College Board

National Recognition Program – School Recognition Award (2026) Jun. 2026
The College Board

Latin Hawk Award (2024) May. 2024
Hebron High School
